# School History

---

Kinki Japanese language school was established to provide Japanese language education for students who have strong interest in terms of Japanese culture, society and language in 2019. The students of inaugural class have graduated from our school on March, 2022. More students are going to graduate in the following years. School building was located on Nishinari-ward in Osaka City, school building 2 was newly open in 2023.

## Principal's Compliment

---

*Principal  
Yoshiharu Mori*

Our school has been in the developing stage since the students of inaugural class have graduated from in 2022. More students who have embraced their dreams are going to attend at our school in the following years. Current students have been studying so hard, cleaning school building spontaneously. I feel this school's atmosphere is so enthusiastic. I also believe I am able to learn together with all students at this school.

# Educational Philosophy

---

Our school has provided diligent and qualitative Japanese language education based upon individual talent and encouraged all students to establish highly qualitative personality to comply the requests required in Japan or international societies. Each one of them has individual goal and spontaneously concentrates his/her own study, becomes an international person who is full of emotions and enriches personal life by polishing oneself physically or mentally.

## Educational policy and goal

---

- 1, Target all students to be admitted in universities or vocational schools
- 2, Encourage to improve Japanese language ability enable all students to have a comfortable daily life
- 3, Promote global spirits to comply in international societies experiencing both Japanese society and culture
